**SUPPLEMENTAL TERMS AMENDING AGREEMENT FOR PERMIT FOR
TELECOMMUNICATION WORKS APPLICABLE ONLY TO LYTTON FIRST
NATION RESERVES: LYTTON INDIAN RESERVE NO. 9B, POPYUM INDIAN
RESERVE NO. 27, and LYTTON INDIAN RESERVE NO. 27B**

This Supplemental Terms Amending Agreement is made between the following parties:

His Majesty the King in right of Canada, as represented by the Minister of
Indigenous Services

("Canada")

AND:

Lytton First Nation, a band within the meaning of the *Indian Act*, as represented
by its Council

("First Nation")

AND:

TELUS Communications Inc., a corporation under the laws of British Columbia

("Permittee")

Background:

- A. On June 9, 1975, *Canada* issued a permit under authority of subsection 28(2) of the *Indian Act*, RSC 1985 c I-5 ("*Indian Act*") for telecommunication works to the *Permittee* over certain reserve lands, including the *First Nation's* Lytton Indian Reserve No. 9B, Papyum Indian Reserve No. 27, and Lytton Indian Reserve No. 27B (the "*permit*"). The *permit* is registered in the Indian Lands Registry under No. 47563;
- B. Pursuant to the *Framework Agreement on First Nation Land Management Act*, SC 2022 c 19, s 121, which gives force of law to the Framework Agreement on First Nation Land Management entered between Canada and the signatory First Nations on February 12, 1996, and amended to include the *First Nation* in Schedule 1 on November 20, 2017 ("*Framework Agreement*"), the *First Nation* is developing a land code, within the meaning of clause 1.1 of the *Framework Agreement*, that would apply to certain parts of its reserve lands ("*Lytton First Nation Land Code*");

- C. Certain lands on Lytton Indian Reserve No. 9B, Papyum Indian Reserve No. 27, and Lytton Indian Reserve No. 27B are proposed to be excluded from the application of the *Lytton First Nation Land Code* because the exclusion is justifiable owing to the presence of road areas, pursuant to subclause 4.1.4 and 4.1.6 of the *Framework Agreement* (“*Excluded Lands*”);
- D. The parties acknowledge that the effect of subclause 4.1.6 of the *Framework Agreement* is to ensure that the administration of a lease, other interest or a right in the *Excluded Lands* only falls under one land management regime;
- E. The area under the *permit* extends into the *Excluded Lands*, and in order to comply with subclause 4.1.4 and 4.1.6 of the *Framework Agreement*, the *permit* must be amended to prevent the application of more than one land management regime to the lands once the lands are under *Lytton First Nation Land Code*;
- F. The *First Nation* has by a resolution of the Council, a copy of which is attached as Schedule “A” to this Supplemental Terms Amending Agreement, acknowledged, approved, and consented to the issuance of this Supplemental Terms Amending Agreement, subject to the terms and conditions hereinafter contained; and
- G. The parties wish to clarify which part of the area under the *permit* on Lytton Indian Reserve No. 9B, Papyum Indian Reserve No. 27, and Lytton Indian Reserve No. 27B will be administered under the *Lytton First Nation Land Code* once it is in effect.

NOW THEREFORE, in consideration of the mutual covenants contained herein and other good and valuable consideration, receipt of which is hereby acknowledged by each party, the parties agree as follows:

1. This Supplemental Terms Amending Agreement applies only to Lytton Indian Reserve No. 9B, Papyum Indian Reserve No. 27, and Lytton Indian Reserve No. 27B.
2. This Supplemental Terms Amending Agreement will be registered in the Indian Lands Registry System for Lytton Indian Reserve No. 9B, Papyum Indian Reserve No. 27, and Lytton Indian Reserve No. 27B.
3. Italicized words as defined in the Background clauses have the meaning ascribed to them and apply to the substantive clauses of this Supplemental Terms Amending Agreement.
4. In paragraph (a) of the *permit*, after the word “Reserve” delete the words “shown coloured red on the plans annexed as Appendices “A” to this Agreement” and after the word “Reserve” substitute the following words:

on the lands described in Schedules 2, 2 A, 3, 3 A, 4 and 4 A to this Agreement

5. The following Schedules are added to the *permit*:
 - a. Schedule 2: Lytton Indian Reserve No. 9B, Lytton First Nation Land Code Lands - Land Description;
 - b. Schedule 2 A: Plan 108616 CLSR;
 - c. Schedule 3: Papyum Indian Reserve No. 27, Lytton First Nation Land Code Lands - Land Description;

10. The *permit* continues, as amended by this Supplemental Terms Amending Agreement, in full force and effect.
